How are places similar in the world?

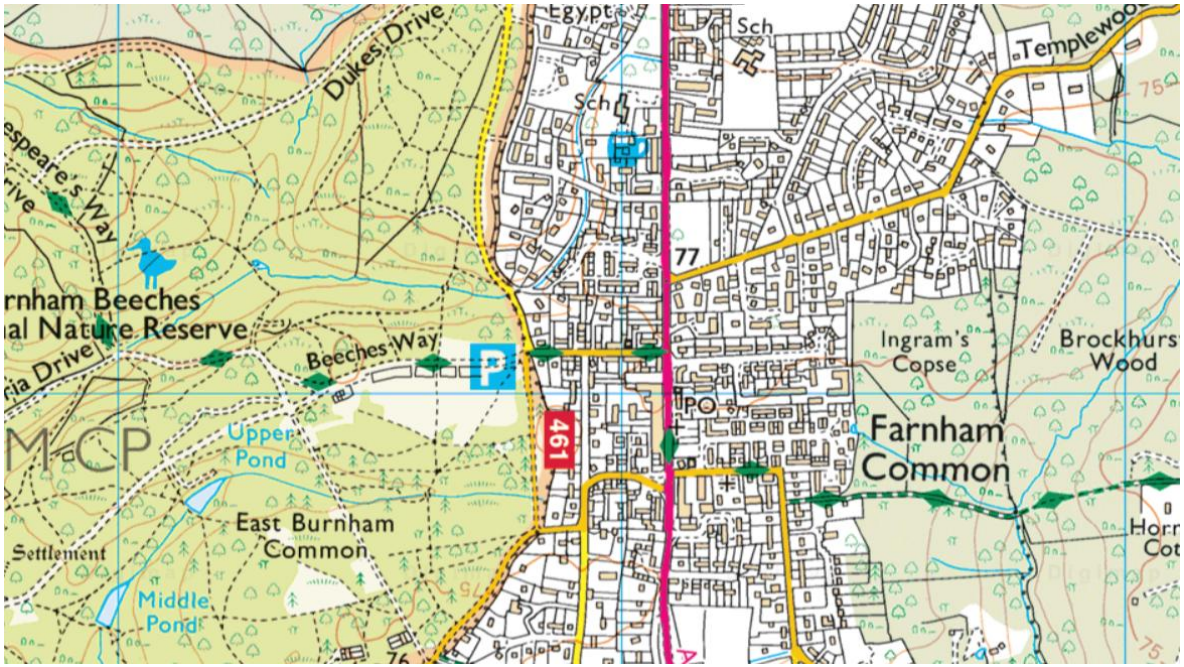

Key vocabulary and definitions	
Village	A small settlement, with a few hundred people living there.
Country	An area of land that has its own government and can be large or small.
Island	A piece of land, smaller than a continent, that is surrounded by water.
United Kingdom	Called the UK for short, is a country made up of 4 countries: England, Scotland, Wales and Northern Ireland.
Continent	A large solid area of land, separated from others by water or other natural features.
Ocean	A huge body of salty water.
Physical features	Natural features in the world e.g. rivers, mountains, lakes.
Human features	Human-made features in the world e.g. buildings, roads, piers.
Weather	What the sky and air outside are like at any given time, such as sunny, rainy, windy, or snowy.
Climate	Weather conditions over a long period of time.

Our key concepts are: Place (what a location is like).

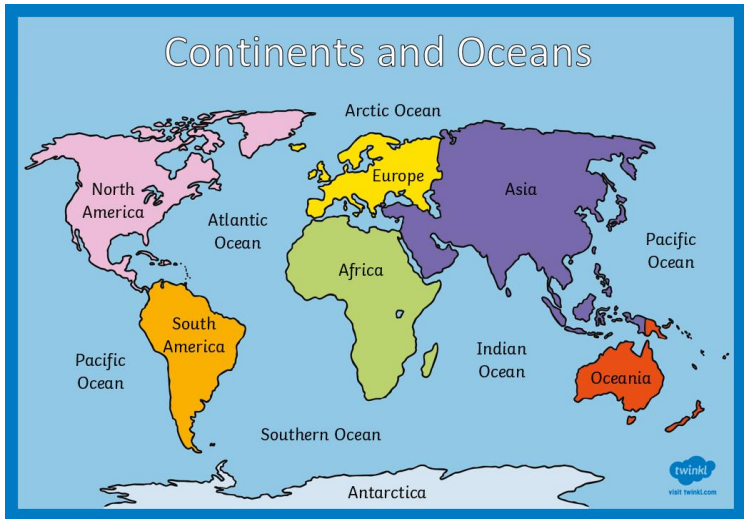

This year, I will use these skills:

- Follow directions including forwards, backwards, left, right, up and down.
- Draw an imaginary map from a story.
- Use symbols on a map.
- Identify places using maps, atlases, globes, aerial maps and plan perspectives.
